Tina Potter- Trillium

A. Updates & Reports

1. Healthy Directions

- DUI prevention project will be partnered through LCOG's grant - ensuring that marijuana is included on DUI prevention
 - Will be bringing drug dogs to the high school prom due to drugs being on the premise last year - the grant will help pay for overtime for the sheriffs/police officers. There will also be party patrols.

2. Trillium

- Working on finalizing the CCO handbook; there are areas of revisions
 - i. Tina will provide a draft to show RAC for them to go over and review
- *Cover All Kids* program: for kids who are undocumented and don't have insurance; just over 200 members have enrolled. It is for any kids under the age of 18.

3. Homes For Good

- They have a new website with easier accessibility; one of the new additions on there is the button that asks, "Do you need a healthy home?" = ability to track how many people need homes

4. Community Health Improvement Plan (CHIP)

- RAC will participate in the assessment process
 - i. We will be using the assessments to fine tune the strategies in the CHIP.
 - ii. The assessments include: Forces of Change, Public Health System Analysis, Community Themes and Strengths and Integration of Services.
- Lane Equity Coalition's upcoming event is on May 10th at LCC; topic: Adolescent Health

B. Approve New Members

1. Rachel Nordquist and Michele Thurston were nominated for seats on the RAC.
2. The RAC members unanimously approved the two new members.
3. Welcome!

C. Oregon HIV and Opioid Prevention and Engagement (OR-HOPE) Presentation
