

**CCO Advisory Councils  
Report to the Governing Board  
June 2016**

**Rural Advisory Council (RAC):**

The RAC met on June 10<sup>th</sup> at the Trillium offices in Eugene. The focus of the meeting was to review the Community Health Improvement Plan. The RAC members analyzed the proposal, asked questions and ultimately gave their approval. The RAC members will be involved in forming the implementation plan. It is their hope and recommendation that there be a rural voice on the three implementation leadership groups. Char Reavis, Robin Roberts and Rick Yecney agreed to participate if asked.
