INTRODUCCIÓN

Beneficio de farmacia

Esta es la Lista de Medicamentos Preferidos (PDL) de Trillium Community Health Plan (Trillium). La PDL enumera los medicamentos que están cubiertos para los miembros de Trillium Oregon Health Plan (OHP). Usted no tiene que pagar por los medicamentos cubiertos. Trillium no cubre todos los medicamentos y limita el uso de algunos medicamentos incluidos en la PDL. Un grupo de farmacéuticos y médicos (Comité de Farmacia y Terapéutica o P&T) decide qué medicamentos están incluidos en la PDL. Trillium solo cubre medicamentos cuando usted es miembro de Trillium OHP. Incluso si recibió el medicamento antes, Trillium no lo pagará si ya no es miembro de OHP.

Área de servicio

La PDL enumera los medicamentos que están cubiertos para los miembros de Trillium Oregon Health Plan (OHP) en todas las áreas de servicio (condados de Multnomah, Washington, Clackamas, Lane, Douglas y Linn).

Cómo obtener sus medicamentos

Puede surtir su receta médica en cualquier farmacia participante de la red que pueda administrar medicamentos a los miembros de Oregon Health Plan. Puede obtener una lista de las farmacias de su red llamando a Trillium al 541-485-2155; número gratuito: 1-877-6005472. También puede usar la herramienta **Buscar un proveedor** para encontrar una farmacia en su red si visita: <https://providersearch.trilliumhealthplan.com> Cuando esté en la farmacia, deberá darles su tarjeta de identificación de miembro de OHP.

Programa de compra por correo

Es posible que pueda recibir algunos de sus medicamentos por correo. Si tiene alguna pregunta o necesita más información, comuníquese con Trillium.

Suministro extendido para surtidos de medicamentos

Es posible que pueda obtener surtidos de sus medicamentos para hasta 100 días. Solo puede obtener más de 31 días del medicamento si se trata de un medicamento de mantenimiento. Si tiene alguna pregunta, comuníquese con Trillium.

Medicamentos genéricos

Los medicamentos genéricos tienen el mismo efecto que los medicamentos de marca. Los medicamentos de marca no están cubiertos cuando hay una versión genérica disponible.

Medicamentos de venta libre

Trillium pagará los medicamentos de venta libre que estén en la PDL. Para que esté cubierto, la persona que receta tendrá que darle una receta médica para el medicamento.

Cobertura de vacunación

Trillium cubre todas las vacunas aprobadas por las Prácticas del Comité Asesor sobre Vacunación (ACIP). Puede obtener las vacunas cubiertas en el consultorio de su proveedor de atención. También puede obtener vacunas en la farmacia si figuran en la PDL como parte del formulario. Trillium tiene un límite de edad mínima de 19 años para las vacunas cubiertas por el beneficio de farmacia. El programa Vacunas para niños (VFC) cubre las vacunas de rutina para los miembros menores de 18 años.

Para obtener más información sobre la cobertura de vacunas y las excepciones a estos límites, visite el sitio web de Trillium en www.trilliumohp.com

Cobertura de suministros para diabéticos

Trillium cubre las marcas preferidas de suministros para pruebas de diabetes y para inyecciones de insulina en su farmacia. Esto incluye agujas, jeringas, medidores de glucosa, tiras reactivas, dispositivos portátiles de monitoreo de glucosa, bombas de insulina desechables y suministros relacionados. Los suministros preferidos se enumeran en la PDL como parte del formulario.

Restricciones de medicamentos preferidos

Algunos medicamentos incluidos en la PDL pueden tener límites en cuanto a su uso. Estos límites incluyen lo siguiente:

- **Aprobación previa:** Algunos medicamentos necesitarán la aprobación de Trillium antes de ser cubiertos. Se les informará a usted y a la persona que receta si la cobertura está aprobada o denegada.

Trillium puede cubrir el medicamento en los siguientes casos:

1. Hay un motivo médico por el cual necesita el medicamento.
2. Otros medicamentos de la PDL no le han funcionado.

Los medicamentos recientemente aprobados por la Administración de Alimentos y Medicamentos (FDA) necesitan aprobación previa hasta que sean revisados por nuestro P&T.

- **Límites de cantidad:** Trillium puede limitar la cantidad de un medicamento que puede obtener. Si la persona que receta considera que usted necesita más, debe solicitar una aprobación previa.
- **Límites de edad:** Algunos medicamentos de la PDL pueden tener un límite de edad. Si la persona que receta considera que usted debe obtenerlo aunque no cumpla con el límite de edad, debe solicitar una aprobación previa.
- **Terapia escalonada:** Algunos medicamentos incluidos en la PDL pueden solicitarle que pruebe otros medicamentos primero. Si Trillium no tiene registros que indiquen que usted haya probado esos medicamentos, es posible que primero necesite una aprobación previa.
- **Medicamentos especializados:** Estos medicamentos no suelen venderse en tiendas minoristas. Debe obtener los medicamentos especializados de Acaria Health. Es posible que también necesite aprobación previa para la cobertura.

Exclusiones de beneficios de farmacia*

Los siguientes medicamentos no están cubiertos por Trillium, excepto en casos limitados que hayan sido aprobados:

- Medicamentos que no figuran en la PDL, a menos que se apruebe una autorización previa.
- Medicamentos utilizados para tratar afecciones que no están cubiertas por Oregon Health Plan.

- Medicamentos que son un servicio excluido según OHP.
- Medicamentos usados por motivos cosméticos (no médicos).
- Medicamentos utilizados para usos no médicamente aceptados (medicamentos experimentales o en investigación).
- Medicamentos cubiertos de la Parte D de Medicare para miembros elegibles para la cobertura de Medicare.
- Medicamentos para la salud del comportamiento (medicamentos separados). Estos medicamentos están cubiertos a través de la Autoridad de Salud de Oregón (OHA). Su farmacia debe facturar directamente a la OHA por estos medicamentos.

*Trillium cubre servicios adicionales para la atención de niños y jóvenes de hasta 21 años y miembros de OHP con el programa de Adultos jóvenes con necesidades especiales de atención de salud (YSHCN). Los beneficios adicionales cubren los medicamentos necesarios para la salud y el desarrollo. Estos servicios pueden detectar, corregir o ayudar con los problemas de salud de manera temprana. Esto puede ayudar a los niños y jóvenes a evitar enfermedades, discapacidades o recibir más atención médica en el futuro. Es posible que se requiera autorización previa para estos servicios.

Política de suministros de emergencia de 72 horas

Si necesita un medicamento de inmediato que no está cubierto por Trillium, la persona que receta puede solicitar una aprobación previa urgente. Trillium los revisará dentro de las 24 horas. Si no podemos, Trillium le permitirá tener el medicamento durante tres días.
